

Formal and content requirements for the abstracts of TDK papers

(On the basis of OTDK sections' calls)

For all sections

The abstract is the part of the TDK paper. It is a short overview of the paper and the research. The structure of the abstract: background and objectives, methodology, results, conclusions.

The language of the abstract is Hungarian. For applications in a foreign language, the abstract is in the language of the TDK paper.

The abstract should be at least 500 and no more than 2500 characters. The formal requirements (font type, spacing, margins, etc.) are the same as the ones for the TDK paper.

The title of the paper and an introduction to the topic (a short abstract, max. 1000 characters) must be uploaded to the TDK online form, with other data (name(s) of the author(s), name of the study program, name of the supervisor(s), position, etc.) Please, ensure that the information is sufficient and reliable, as it will be used throughout the Faculty TDK Conference process.
